

Tim Neumann

Tim Neumann has a Master of Business Administration degree from Central Michigan University, College of Business. He has worked for 9 + years for Michigan Rural Water Association and the last 2 years as the Executive Director of the Association. As Executive Director he has overseen MRWA working with water utilities in the state to comply with federal and state regulations that utilities are required to comply with by using our national association resources and rural water resources. These resources are used to enhance the quality of water service that water utilities in Michigan provide their customers. Michigan Rural Water Association provides on-site technical assistance and training to water and wastewater utilities throughout Michigan.
